

CASH BAR

Guests are welcome to pay for their own drinks with cash or they may also start a tab with a credit card with the bartender.

OPEN BAR

An open bar tab is paid by the host. Open bar tabs can be set up in a variety of ways:

- You may limit what people are able to order on the open bar tab, such as "beer & wine only".
- You may set a maximum dollar amount for the tab. Once that dollar amount is reached, the bartenders then switch to a cash bar. An 18% gratuity is applied to all open bar tabs. You may either have the gratuity added on top of your dollar limit or included with the dollar limit.
- You may set a time limit for the open bar...i.e. 2 hours.
- Drink tickets are available if you would like to offer each guest 1-2 drinks on you. The ticket does not have a set dollar amount. The ticket is only an indicator to the bartender that the drink ordered is to be put on your tab versus the guest paying for the drink himself/herself. The cost of the ticket is the cost of the drink ordered. You may limit what drinks are available for your guests to order with a drink ticket.
- You can combine any of these options as you wish. Setting a dollar limit or at least relaying some type of budget beforehand is recommended.

We do not allow any alcohol to be brought into our establishment, nor do we do a corkage fee for wine.
